REISSUE APPLICATION DECLARATION BY THE INVENTOR	Docket Number (optional)
0315-000505/REA	

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name. I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,672,846, granted January 6, 2004 and for which a reissue patent is sought on the invention entitled CAPACITY MODULATION FOR PLURAL COMPRESSORS.

the specification of which

- is attached hereto.
- was filed on March 22, 2004 as reissue application number 10/806,087
and was amended on August 4, 2005, April 28, 2006, August 16, 2006, April 19, 2007, December 4, 2007, August 1, 2008, and December 23, 2008.
(if applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

- I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- by reason of a defective specification or drawing.
- by reason of the patentee claiming more or less than he had the right to claim in the patent.
- by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Independent Claim 31, as issued, is too narrow, as independent Claim 31 recites a "first fluid operated piston" at line 25. Applicants are entitled to a broader scope of protection and, as such, have replaced the term "first fluid operated piston" of independent Claim 31 with the term "first capacity modulation system" at line 26 of independent Claim 76. See Claim 76 at Ins. 26-29. For the foregoing reasons, this is a broadening reissue.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents files in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO.
